

Elevator Contractors Council (ECC)

Membership At-A-Glance

Benefits:

- Exposure to cutting-edge information within the merit shop elevator sector
- Opportunity to develop personal, professional and leadership skills
- Opportunity to network with ABC staff, members and volunteers

Eligibility:

- Active ABC chapter membership at time of application and throughout entire term
- Elevator contractors are preferred, but membership is open to all ABC members
- Responsible for a financial contribution to the ABC ECC

Scope: The ABC ECC, formerly known as the Merit Elevator Contractors Association of America (MECAA), is a group of ABC members that banded together to advance and grow the merit shop elevator sector of the construction industry. The Council promotes business development opportunities for merit shop elevator and accessibility firms. In addition, the Council aims to defeat state-level licensing legislation and regulations designed to limit the ability of merit shop firms to get licensed and to license their qualified workers.

Values:

- Innovation and creativity
- Action-oriented
- Accountability
- Collaborative and inclusive

Duties:

- Regularly attend meetings and show commitment
- Participate in decision-making
- Respect and support the majority decisions of the Committee
- Approach all Committee issues with an open mind, prepared to make the best decisions for everyone involved

Preferred Background

- Strong understanding of ABC National's strategic goals
- Elevator contractor

Time Commitment:

- Two-year term for members in leadership positions
- In-person and virtual council meetings
- Time to perform council assignments
