

Business Development Committee

Membership At-A-Glance

Benefits:

- Develop personal, professional and leadership skills
- Network with ABC staff, members and volunteers
- Guide the National Association in delivering high-quality services to ABC members and chapters

Eligibility Requirements:

- Active ABC chapter membership at time of application and throughout entire term
- Current or former member of ABC National Board of Directors
- Expertise in marketing and business development
- Expertise in creating and reviewing business proposals

Scope:

The Committee supports the ABC strategic goal to continuously grow and deliver value to a diverse and committed membership. It works to improve business opportunities for merit shop contractors by becoming the recognized resource for construction users. Activities include developing programs to encourage owners to use merit shop contractors' services; assisting chapters in implementing successful business development programs; developing programs to help members gain work from each other; communicating in a positive manner with owners and buyers on a regular basis; and recognizing and publicizing outstanding merit shop construction projects and firms through the national Excellence in Construction awards program and the Accredited Quality Contractor program.

In addition, the Committee reviews ideas and provides guidance on business partnerships entertained and managed by ABC National. This includes making a recommendation to staff that a specific business proposal would be operationally good for a number of member segments, provide a benefit to members superior to what members could obtain independently and provide the Association and chapters with significant revenue share with good growth potential over the first few years of the partnership. Other activities include providing input on the marketing of current programs and working with chapters to maximize program growth.

Strategic Goal:

Continuously grow and deliver value to a diverse and committed membership.

Values:

Innovation and creativity, modeling the concept of partnering and seeking opportunities when possible, action-oriented, accountability and collaboration and inclusivity
