### Additional Option or Powertrain Adjustments

Vehicles Ordered with the option and/or powertrain (engine and transmission) listed below will receive the pricing adjustment as indicated. Options, excluding powertrain that are included in group equipment packages or standard on the base body model, are already discounted and excluded from these additional incentives.

If you receive VIP incentives via off-invoice credits, then the option discounts will be presented as a credit on the original invoice. In the event this credit is missing, payment will be made to you or your assignee once the unit is reported as a commercial fleet sale.
