Strategy

Current State

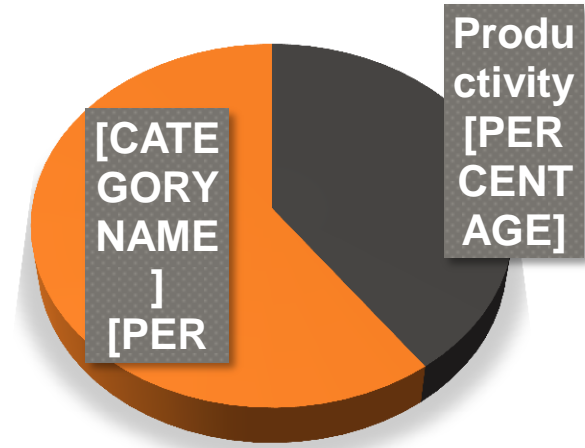

- + Margins are tight, staffing is lean.
- + You have no time to waste searching for information.
- + You can't afford to use outdated information.

Are You Setup for Success?

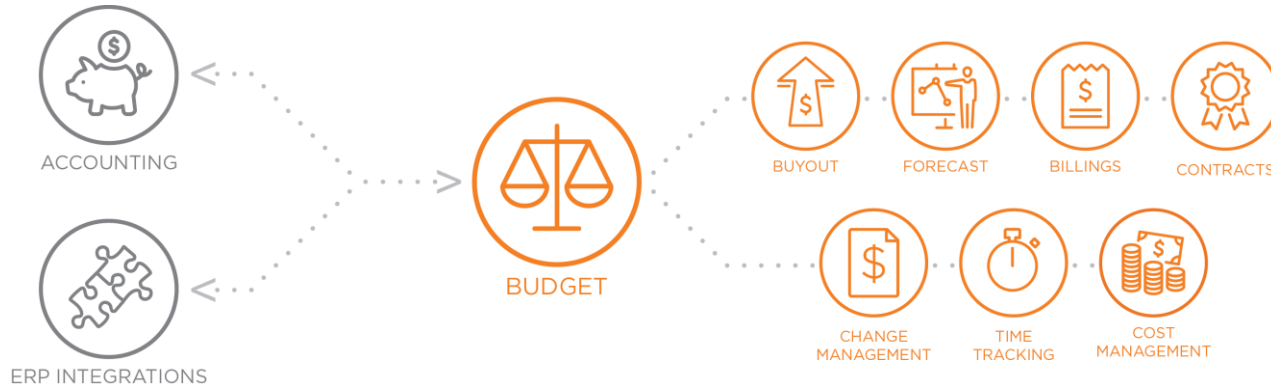

- + Construction companies go out of business every day.
- + Use technology and data as your unfair advantage.
- + Focus on quality, safety, and relationships. Not data entry.

AEC Industry

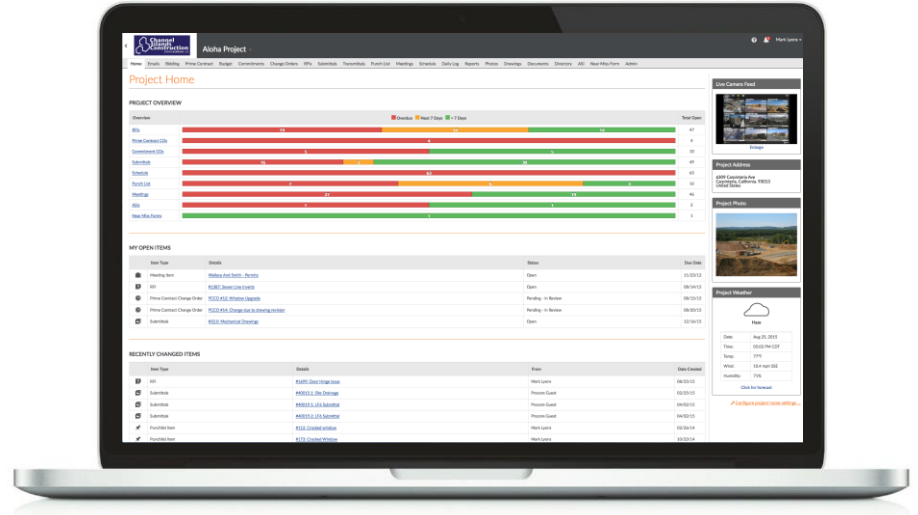

Future State - Field Financials

- + Real time cost and budget data, integrated to accounting.
- + Accessible from mobile.
- + Collaborate in one system with all parties.

Demo

- + Budgeting & Forecasting
- + Contracts
- + Cost Management
- + Change Management & RFQs
- + Payment Applications

Procore was built on three fundamental ideas:

User-Centric

Listen to the problems our customers have.

Easy to Use

Develop easy-to-use solutions to these problems.
